

# SircleBind CW-4500

## Electric 3:1 Wire & Plastic Comb Binding Machine

Accommodates Wire and Comb  
Dual Punch Patterns  
Built-In Wire Closer  
Built-In Wire Hanger  
Electric Punch

The SircleBind CW-4500 is an electric 3:1 wire and plastic comb binding machine designed to improve both effectiveness and efficiency. The CW-4500 is equipped with the necessary features to accommodate for both wire and comb binding--essentially doing the work of two machines. It also features easy-to-use built-in guides for simple and seamless paper alignment and wire closing as well as a built-in wire hanger which allows for less hassle and greater efficiency in paper threading.
